Mr.Prashant Parit session was an interactive one, which helped to clear the doubts that popped-up in the minds of the young management students. Such sessions are often conducted in SKNSSBM so that apart from the course studies, students get knowledge about the corporate world.

Report

Best out-of-waste simply means to make something innovative and attractive out of the material that is of no use otherwise.

Recycling and reusing the valuable waste material can result in development of fantastic and usable products. Rather than putting these waste materials into the landfills, various innovative and creative ideas can be put together to being something new and useful.

The main objective of conducting this activity is to celebrate “**Creativity and Innovation Day**” and motivate students for creativity. In order to make students aware of the uses of waste material and to give them a lesson on reducing waste to save our future ‘**Best from Waste**’ activity was organised at **SKN Sinhgad School of Business Management**, for the students of MBA. It explored and encouraged creativity in students and offered them a platform to showcase their skill. It also inspired students to think and work creatively and promote artistic excellence.

Nature of the Activity:

SKN Sinhgad School of Business Management had organized an industrial visit to **GODREJ AND BOYCE MANUFACTURING CO LTD.** on 21st January 2023. It was a very well organized trip to the manufacturing company where students got an opportunity to enhance their knowledge and skills.

During visit students got to know about how the Godrej products are being manufactured and different operational methods to bring out the final product.

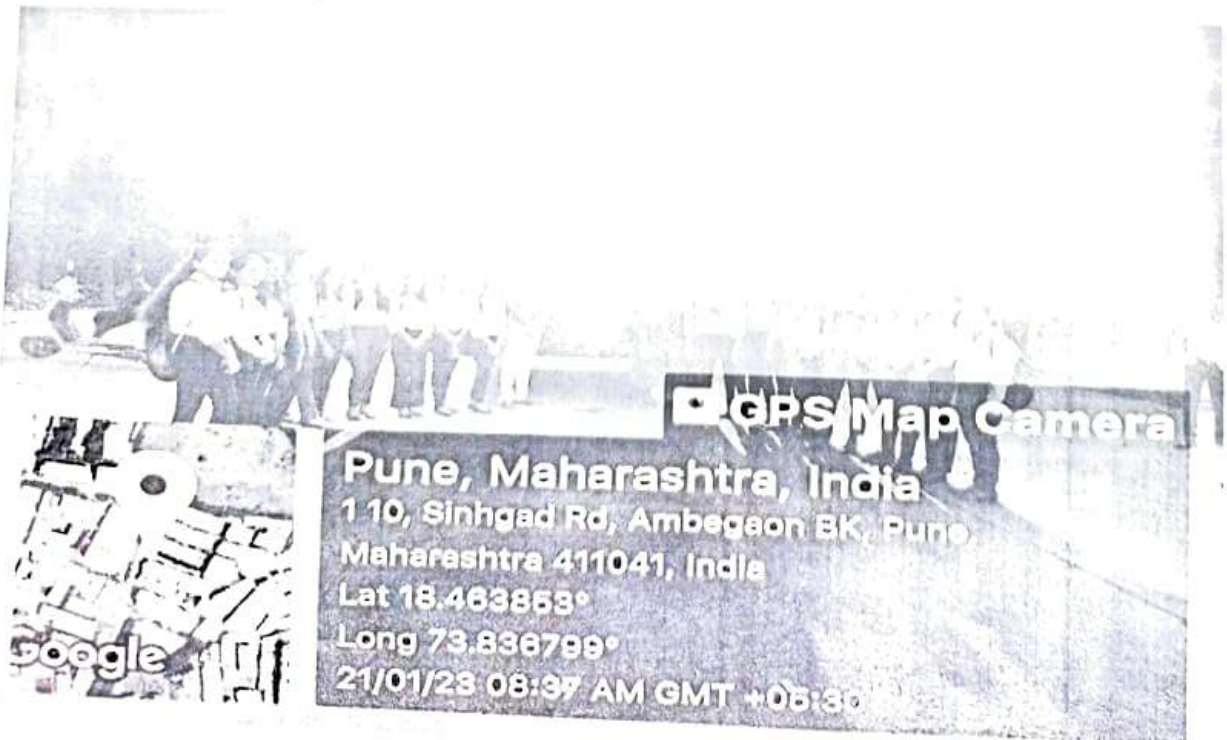

Godrej and Boyce, a Godrej Group Company, has a presence across 14 diverse businesses. It began in 1897 with the manufacture of locks, then extending to other durables (refrigerators, washing machines, air conditioners, home security systems and safes, furniture), products for institutions (office furniture, audio-visual solutions, access control systems, perimeter security solutions, bank security solutions, beverage vending machines, interior solutions, hospital and laboratory furniture) and industrial products (process equipment, materials handling equipment, industrial storage solutions, tooling, precision equipment).

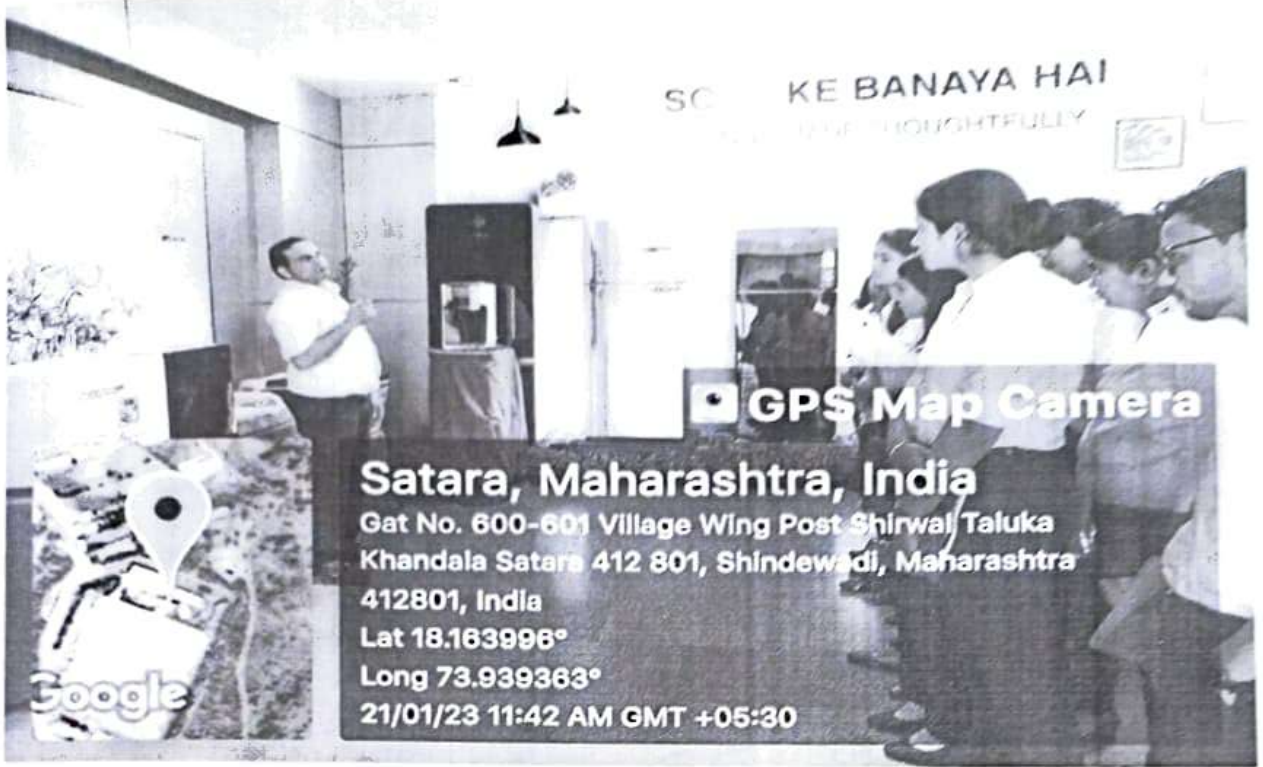

Godrej & Boyce Mfg. Co. Ltd., a Godrej Group Company, started its journey with the manufacture of high quality locks in 1897. Today, we have 15 diverse business divisions offering consumer, office, and industrial products and services of the highest quality to every corner of India and across the globe.

From this visit students learned the manufacturing cycle of the appliance industry as well as functioning of various departments like planning, production, quality, safety, HR, accounts and admin. All together it was really a wonderful practically learning experience for all the students and got very good real-time exposure to the manufacturing industry.

The industrial visit was conducted in interactive manner and at the end SKNSSBM faculty members felicitated to the Godrej Boyce HR Manager and Plant Manager with plant as a token of appreciation for Godrej's Green Initiative towards environment. Question answer session was done where the Godrej team answered all the questions of students. At last the visit was concluded with vote of thanks.
