To,
Rutuja Kumbhar
SKN Sinhgad School of Business Management
Subject: Appreciation Letter for Exceptional Contribution

It is with great pleasure that we extend our heartfelt appreciation to Miss Rutuja Kumbhar student of SKN Sinhgad school of Business Management, for her outstanding contribution and dedicated efforts as a member of the Rotaract Club of GEM - RID 3131.

Rutuja Kumbhar has played a pivotal role in actively addressing issues related to Gender, Environment, and Sustainability through their commitment to community service. Their involvement and leadership within our organization have significantly contributed to the success of our initiatives and projects aimed at creating a positive impact on society.

In recognition of their exceptional service and unwavering commitment, we proudly present this Appreciation Letter to her. This letter serves as a testament to their invaluable contribution and as an acknowledgment of their dedication to the principles upheld by Rotaract.

We express our gratitude for Rutuja's remarkable efforts and hope that their commitment to service continues to inspire others within and beyond our organization.

Thank you for being an exemplary member of the Rotaract Club of GEM - RID 3131.

Sincerely,

Rtr. Radhika Kulkarni

This acknowledgment is evidence to the meaningful impact our students make beyond the academic realm. Miss Rutuja Kumbhar's dedication and leadership within the Rotaract Club not

only contribute to the success of community initiatives but also align with our institution's commitment to nurturing responsible and socially conscious individuals.

2. AWARDS AND RECOGNITION:

Several of our students have received prestigious awards in their professional careers, attesting to their excellence and commitment in their respective fields.

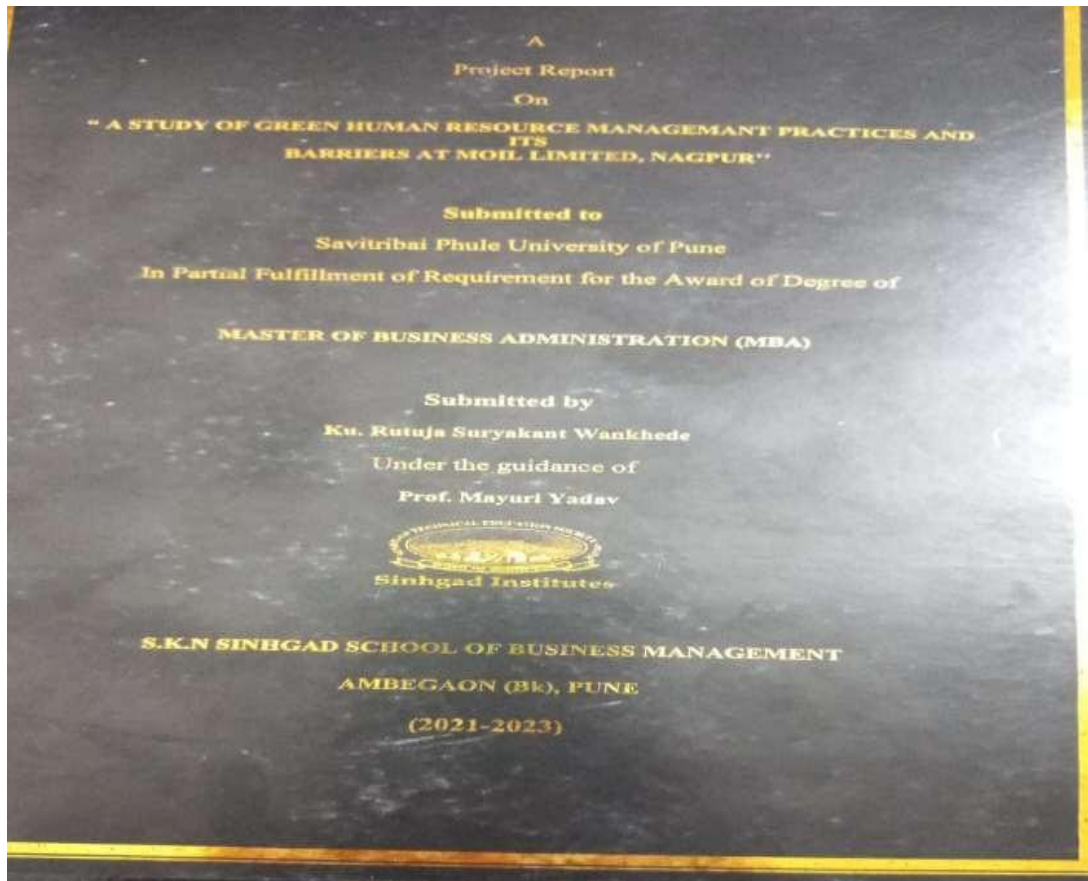

3. LEADERSHIP IN NGOS:

One student, Miss. Rutuja Kumbhar who participated in our curriculum-enriching courses, is currently serving as a dedicated member in a non-governmental organization (NGO). Remarkably, Rutuja has ascended to the position of President within the organization, demonstrating exemplary leadership skills and a commitment to social causes.

4. GREEN HUMAN RESOURCE MANAGEMENT PROJECT:

Rutuja Wankhede, a student at our institute, has successfully concluded a Summer Internship project in Green Human Resource Management. Notably, she emerged as the winner in the SIP Competition, underscoring our dedication to encouraging student research in environmental and sustainability domains. This achievement stands as a testament to our commitment to fostering environmental sustainability through hands-on experiences and research initiatives.

5. BUSINESS PLAN COMPETITION - SCRAP GENIE - SCRAP VENDING MACHINE:

Our students Sukhada. S. Harne, Yojana Yelage, Gaurav Borse, Tejas Waghmare, Dipali Somani, & Rushikesh Wagh participated in a B-plan competition with their innovative project, "Scrap Genie - Scrap Vending Machine." In a commendable alignment with the cross-cutting issues of environment and sustainability, the "Scrap Genie - Scrap Vending Machine" project symbolizes Institute commitment to fostering innovative solutions with a positive impact. The initiative not only demonstrates entrepreneurial spirit but also addresses crucial environmental challenges.

Write up submitted by students regarding their Innovative Project –

Scrap Genie

About machine:

It is a reverse vending machine which is use to collect all type of scrap such as paper scrap, plastic, junk papers, etc. It have 3 compartments with sensors installed in it to detect the type of scrap and have weighing machine to count the weight of scrap. And below it there have blades to crush the scrap and have containers to collect the scrap in biodegradable polyethene.

Process:

Firstly anyone can drop scrap in this machine. Then sensors detect the scrap type and weigh it and according to that it will give you coupons or money. More the scrap more will be the rewards. Then it will be crushed and collected in the containers. After that the whole bags of scrap will be collected and store it into the warehouse and after that it will directly sold to the recycling centers and we can generate revenue from it.

Benefits:

1) If anyone can get rewards from the scrap then people don't throw it and will use this machine. So society can be clean.

2) If the scrap is less tha 1 kg then machine will give some points to the user and that data will be store in the machine as it have digital screen. And after completion of 100 points it will give you

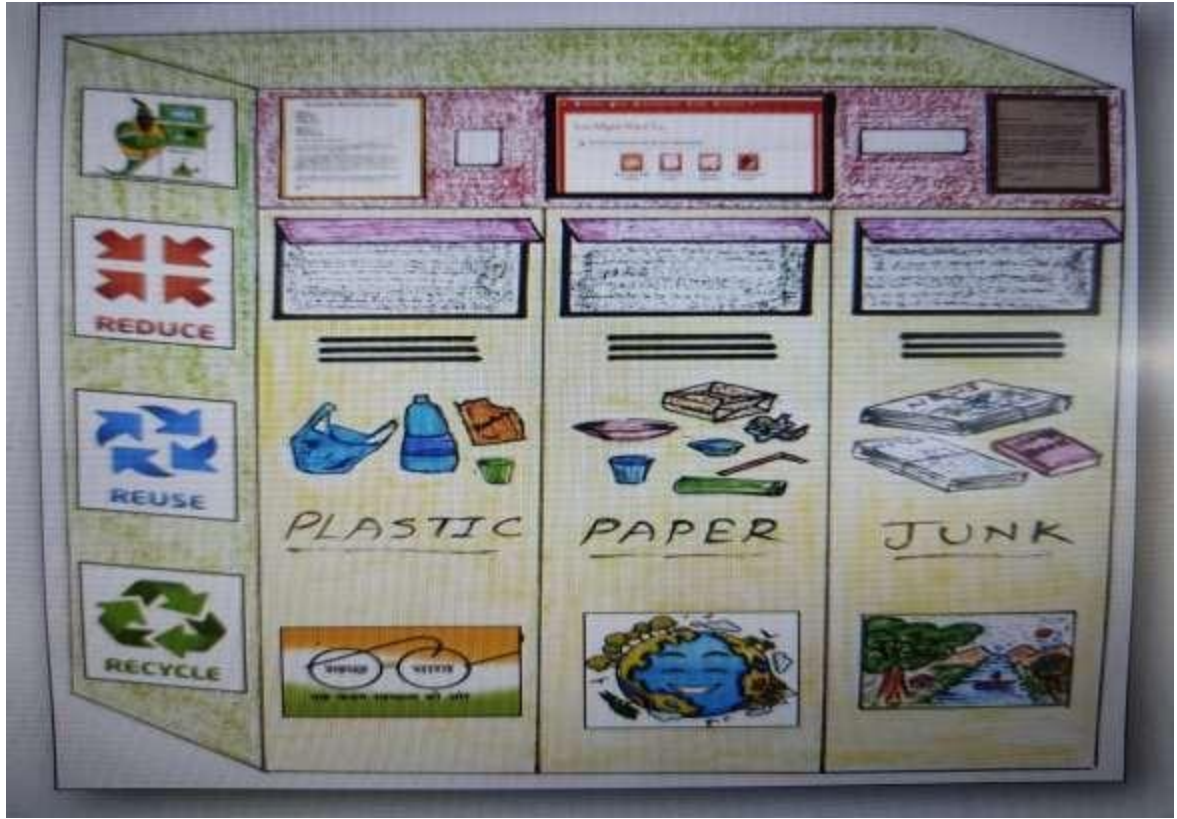

rewards.

3) In the places like Schools, Colleges or any administrative buildings, etc. This machine can be very beneficial because at these places plastic and paper scrap from canteens and colleges will generated in maximum amount.

4) It will be B2B business.

6. CROSS-CUTTING EXCELLENCE: FOSTERING PRACTICAL SKILLS AND INDUSTRY PARTNERSHIPS:

The appreciation received from Gramdev Technology Pvt Ltd stands as a remarkable outcome of the cross-cutting issues integrated into the curriculum at SKN Sinhgad School of Business Management. The engagement of MBA students in market research for the agritech industry contributes directly to environmental and agricultural sustainability, providing valuable insights for sectorial improvements. Exhibiting a strong sense of social responsibility, Manisha Mali, Vaishnavi Jagtap, Sanket Patil, and Pratik Lamkane showcase ethical practices in collaboration with Gramdev, contributing to the betterment of the agritech industry. Involvement of MBA students in market research and survey for the agritech industry directly contributes to environmental and agricultural sustainability. Their efforts provide valuable insights that can shape sustainable practices and initiatives within the agriculture sector. This practical application of entrepreneurial skills and innovative contributions to the agritech sector reflects the institute's commitment to nurturing socially responsible, globally aware, and practically skilled individuals through integrated cross-cutting themes.

Appreciation letter received from Grandev Tech PVT.LTD

These achievements underscore the effectiveness of our curriculum in fostering not only academic excellence but also real-world skills, leadership qualities, and a commitment to social and environmental responsibility. The success of our students is a testament to the holistic approach we embrace in shaping individuals for a dynamic and responsible future.

7. ENVIRONMENTAL CONSERVATION INITIATIVE

We are pleased to highlight a significant outcome of our commitment to cross-cutting issues, particularly Environmental Conservation and Sustainability. SKN Sinhgad School of Business Management has been actively engaged in fostering environmental consciousness and sustainable practices among our students.

One noteworthy initiative in this regard is our collaboration with Aamhi Zadkari Foundation. We are proud to share that 135 of our students have taken a pledge to plant a tree on their birthdays. This initiative not only contributes to environmental conservation but also aligns perfectly with our values of instilling a sense of responsibility and sustainability in our students.

The collaboration with Aamhi Zadkari Foundation serves as a tangible result of our efforts to integrate environmental awareness into our curriculum. By encouraging students to actively participate in initiatives like tree plantation drives, we aim to go beyond traditional academic boundaries and nurture individuals who are not only academically competent but also socially responsible.

Appreciation letter received from Amhi Zadkari Foundation:

CONCLUSION:

Curriculum enrichment initiatives at SKN Sinhgad School of Business Management have yielded significant outcomes, reflecting the comprehensive development and success of our students across various dimensions. The notable achievements include an Appreciation Letter from the Rotaract Club, Awards and Recognition, Leadership roles in NGOs, a Green Human Resource Management Project, and participation in the Business Plan Competition - Scrap Genie - Scrap Vending Machine. This not only demonstrates entrepreneurial spirit but also addresses crucial environmental challenges, aligning with our commitment to cross-cutting issues of environment and sustainability. The collaboration with Aamhi Zadkari Foundation, where 135 students pledged to plant a tree on their birthdays, stands out as a tangible outcome of our environmental conservation initiative, showcasing our dedication to instilling a sense of responsibility and sustainability in our students. These achievements collectively validate our holistic approach in preparing individuals for a dynamic and responsible future, bridging the gap between academic excellence and real-world impact.
