The Institute Innovation Council (IIC) at Sinhgad Technical Education Society's S.K.N. Sinhgad School of Business Management, established in association with the Ministry of Education (MoE), Government of India, is driven by a set of purposeful objectives. The primary aims of the IIC are:

- Promoting Innovation Culture:** Fostering a vibrant and creative atmosphere within the institution that encourages students and faculty to explore innovative ideas and solutions.
- Nurturing Entrepreneurship:** Providing a platform for aspiring entrepreneurs to develop and refine their business ideas, supporting them in transforming concepts into viable ventures.
- Connecting with Industry:** Facilitating collaboration between academia and industry to bridge the gap between theoretical knowledge and practical application, promoting real-world problem-solving.
- Skill Enhancement:** Offering opportunities for skill development and training in emerging technologies, thereby preparing students for the dynamic demands of the professional landscape.
- Supporting Research and Development:** Encouraging and supporting research initiatives that contribute to advancements in various fields, with an emphasis on practical applications and societal impact.
- Promoting Intellectual Property Rights (IPR):** Creating awareness about intellectual property rights and assisting in the protection of original ideas and innovations through the IPR framework.

The council members discussed about the activities (IIC calendar, Celebration and Self-Driven) and features of IIC portal. The council members also discussed about collaborations within and outside the institution to accelerate the activities of IIC. The council also deliberated on quarterly action plan in synchronization with activities and initiatives of other departments, centres and facilities in the Institute working towards promoting IPR, Innovation, Entrepreneurship and Startup.

The council unanimously decided to carry out all the IIC activities on regular basis throughout the year and meet regularly in beginning of every quarter to review the progress made in previous quarter and also to plan for upcoming quarter. The council has agreed to convene next meeting tentatively on 30/10/2023.

Report

Best out-of-waste simply means to make something innovative and attractive out of the material that is of no use otherwise.

Recycling and reusing the valuable waste material can result in development of fantastic and usable products. Rather than putting these waste materials into the landfills, various innovative and creative ideas can be put together to being something new and useful.

The main objective of conducting this activity is to celebrate “**Creativity and Innovation Day**” and motivate students for creativity. In order to make students aware of the uses of waste material and to give them a lesson on reducing waste to save our future ‘**Best from Waste**’ activity was organised at **SKN Sinhgad School of Business Management**, for the students of MBA. It explored and encouraged creativity in students and offered them a platform to showcase their skill. It also inspired students to think and work creatively and promote artistic excellence.

Dear Participant,

Greetings from COEP Technological University Pune II

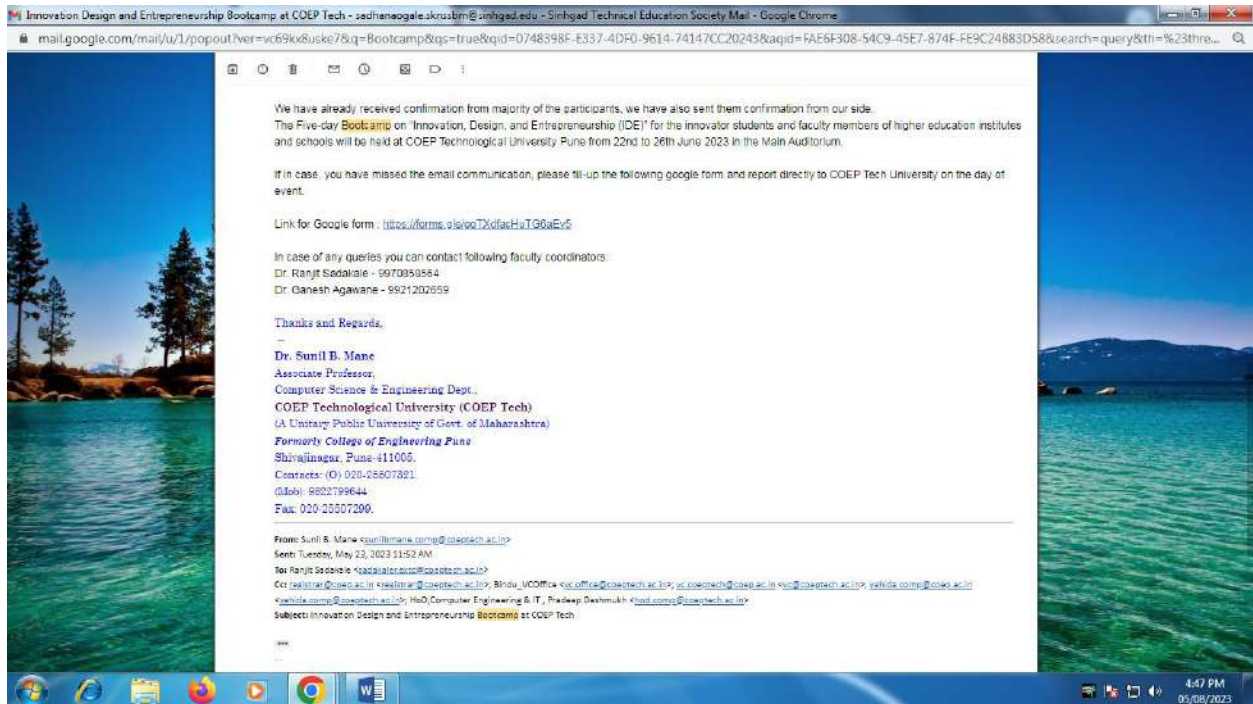

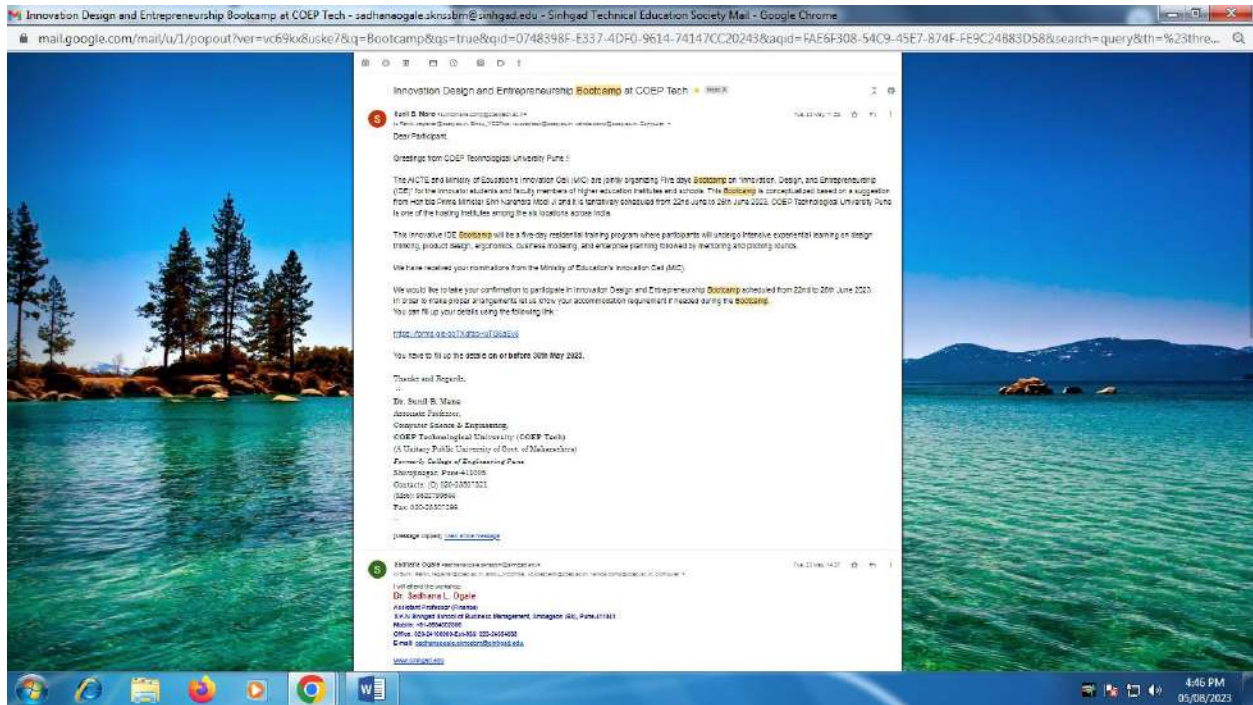

The AICTE and Ministry of Education's Innovation Cell (MIC) are jointly organizing Five days **Bootcamp** on "Innovation, Design, and Entrepreneurship (IDE)" for the innovator students and faculty members of higher education institutes and schools. This **Bootcamp** is conceptualized based on a suggestion from Hon'ble Prime Minister Shri Narendra Modi Ji and it is tentatively scheduled from 22nd June to 26th June 2023. COEP Technological University Pune is one of the hosting institutes among the six locations across India.

This innovative IDE **Bootcamp** will be a five-day residential training program where participants will undergo intensive experiential learning on design thinking, product design, ergonomics, business modeling, and enterprise planning followed by mentoring and pitching rounds.

We have received your nominations from the Ministry of Education's Innovation Cell (MIC).

Entrepreneurial style

YOU ARE A MAKER

Makers bring ideas to life through tangible plans. A maker sees the big picture and the smallest details, simplifies complex problems – their strength lies in execution. Simply put, they're great at getting things done. Makers prefer processes and systems over people, and apply their organizational skills across fields.

CORE DESIRE

EFFICIENTLY

CORE FEAR

LOSING CONTROL

CORE PRIORITY

PROCESS

STRENGTHS

- Very disciplined and organized
- Goal-oriented
- Master Planner

You are very good at planning and operational work; coming up with structures, processes, and systems to get things done as efficiently as possible.

WEAKNESSES

- Does not like to give up control
- Can be dominating or aggressive
- Low emotional quotient

You are naturally focused on process and tasks - you will need to connect with people and be open to new ideas to be an effective leader and entrepreneur.
